

OFFICE OF ADVOCACY

2024 MEDIA KIT

The Office of Advocacy of the U.S. Small Business Administration is the independent voice for small business within the federal government, the watchdog of the Regulatory Flexibility Act, and a source of small business statistics and research. Advocacy advances the views and concerns of small business before Congress, the White House, federal agencies, federal courts, and state policymakers.

Annual REGULATORY FLEXIBILITY ACT REPORT

The principal goal of the Regulatory Flexibility Act (RFA) is to reduce regulatory burdens on small businesses. Advocacy accomplishes this in large part by communicating small business concerns to federal agencies as they craft regulations. The RFA requires federal agencies to engage with small businesses in specific ways. These communications form the basis of federal small business [regulatory analysis](#) and regulatory burden reduction.
